HONOR  
Magic Earbuds

BATTERY

- Earphone capacity: 37 mAh (minimum value)
- Charging case capacity: 410 mAh (minimum value)

PLAYBACK TIME

- 2.5 hours of voice calls, 3.5 hours of continuous music playback on one charge (ANC off)
- 10.5 hours of voice calls, 14.5 hours of music playback with charging case (ANC off)
- 2 hours of voice calls, 3 hours of continuous music playback on one charge (ANC on)
- 9 hours of voice calls, 12 hours of music playback with charging case (ANC on)\*

CHARGING

- USB Type-C port (5V/1A)

CHARGING TIME

- Around 1 hour wired charging for charging case (A fully-charged charging case can charge a pair of earbuds for more than 3 times)

SMART  
FUNCTIONS

- Automatic earphone detection and rapid pairing: Smartphones running EMUI 10.0 will automatically detect the earphones and perform rapid and effortless pairing when the charging case is opened.
- Intelligent wearing detection: The earphones are able to detect whether they are being worn and can automatically wake themselves up based on this information. When used with phones running EMUI 10.0, they can also play and pause music based on the wearing status.
- Convenient touch control: With built-in capacitive touch sensors on both earphones, you can double-tap or press and hold an earphone to operate your earphones/phones. The double-tap operation settings can be configured in the AI Life app.
